

MISR Level 3 Radiance Versioning

Component Global Georectified Radiance Product (CGGRP) - Daily, Monthly, Quarterly, Yearly products

[Processing Status](#)

ESDT	Product File Name Prefix	Current Quality Designations
MIL3DRD, MIL3MRD, MIL3QRD, and MIL3YRD	MISR_AM1_CGGRP	<p>Stage 3 Validated: Component Global Georectified Radiance Product</p> <p>MISR maturity level definitions Quality Summary L3 Products</p>

Note: Level 3 is a summary of Level 1. This page covers changes to the Level 3 software itself for each product version, but you should also consult the [L 1B2 Versioning statement](#) for changes to the Level 1 data being summarized.

Ver. #	Production Start Date	Software Configuration/ Product Impact	Quality Transition
Current F04_0025	12/01/2007	<p>The entire mission is being reprocessed at this level. Data Product Specification Rev Q (PDF). Product contains a new field "RCCM Cateregory Count". This new field is a histogram summary of the Radiometric Camera-by-camera Cloud Mask (RCCM).</p>	
F02_0023	08/01/2007	<p>Data Product Specification Rev P (PDF). No user visible changes.</p>	
F02_0021	10/02/2006	<p>Data Product Specification Rev O (PDF). No user visible changes.</p>	
F02_0019	12/01/2005	<p>Data Product Specification Rev N (PDF). No user visible changes, other than changes in Level 1 data being summarized (see L1B2 Versioning statement).</p>	
F02_0017	05/13/2005	<p>Data Product Specification Rev M (PDF). No user visible changes, other than changes in Level 1 data being summarized (see L1B2 Versioning statement).</p>	Stage 3 Validated: all parameters
F02_0015	11/28/2004	<p>Data Product Specification Rev L (PDF). No user visible changes, other than changes in Level 1 data being summarized (see L1B2 Versioning statement).</p>	
F02_0013	02/04/2004	<p>Data Product Specification Rev K (PDF). Added daily Level 3 summaries.</p>	
F02_0011	12/08/2003	<p><i>Version F02_0011 was removed from the archive because it contained radiometric errors.</i> Do not use!</p>	
F02_0009	08/13/2003	<p>Data Product Specification Rev K (PDF). Update to work with new format of the input PGE 1 files.</p>	
F02_0007	03/24/2003	<p>Data Product Specification Rev K (PDF). Changed handling of data near poles to solve "gray band" problem.</p>	Stage 1 Validated: all parameters
F02_0005	11/25/2002	<p>Data Product Specification Rev K (PDF). Bug fix for handling of data at ocean/land boundary.</p>	
Baseline: F02_0003	07/31/2002	<p>Data Product Specification Rev K (PDF). Initial baseline for Level 3 Component Global Georectified Radiance Product (CGGRP) public release. Includes only all-radiance field at this time, which does contain clouds.< /p> Baseline ancillary files: MISR_AM1_AGP_Pxxx_F01_24.hdf</p>	Beta all parameters
